Computer Literacy Survey Results for 2002-2003

Many of the Computer Literacy Survey questions date back to when the students started taking the survey in 1991. However, CBIL updates the survey yearly; therefore, the results below depict the student responses for more up-to-date issues.

The 2002 percentages were calculated from 177 M-I student responses, and the 2003 percentages were calculated from 93 M-I student responses.

	2002	2003
	(in percentage)	
1. Do you own a computer?	87	93.5
1a. Do you own a desktop?	n/a	35.7
1b. Do you own a laptop?	n/a	40.2
1c. Do you own both?	n/a	24.1
2. Do you use an Internet Service Provider (ISP) or Online Service?	78	82.8
3. Do you have high speed Internet access at home?	41.2	67.7
4. Do you have a handheld computer?	26	28
4a. Do you have a Pocket PC?	17.4	11.5
4b. Do you have a Palm?	82.6	88.5
